

**Prashant V. Ram**

*Applied Pavement Technology, Inc.*

Mr. Ram is a Pavement Engineer at Applied Pavement Technology, Inc. (APTech) with over 12 years of experience. He has a Bachelor's degree in Civil Engineering and a Master's degree in Chemistry from Birla Institute of Technology and Science, Pilani, India. He also holds a Master's degree in Civil Engineering from Purdue University. He is involved in a range of technical projects, from formal research projects on paving materials, evaluation methods, to hands-on pavement evaluation, pavement management, and asset management projects. Through his work in Transportation Asset Management, Mr. Ram helps agencies determine their needs; better use asset data for planning, programming, budgeting, and investment decisions; and improve agency transparency and accountability. Mr. Ram's work has also focused on the properties and characteristics of concrete materials, concrete durability, performance evaluation of preventive maintenance treatments, and the sustainability of transportation infrastructure.
